

Phone a Friend

1. Today, I invite you to phone a friend or family member and study these chapters together. You can read, discuss principles, look up footnotes, discuss applications, etc. If you need ideas on how to study these chapters together, check out the Come Follow Me Family Study ideas [here](#).
2. When you are done, share your answers to the following:
 - Who did you study with?
 - What principles did you learn?
 - What verses or phrases really impacted you?
 - What actions are you inspired to take based on your study?
