

## How to Find Information on People in the Doctrine & Covenants

The Church has a wealth of information available for us to use, if we just know how to find it! You can learn about people mentioned in the Doctrine & Covenants and Church History. In order to help you learn about them, here's a step-by-step outlined (with pictures):

We begin by signing into the Church website at [ChurchofJesusChrist.org](https://www.ChurchofJesusChrist.org) This is the page you will see:

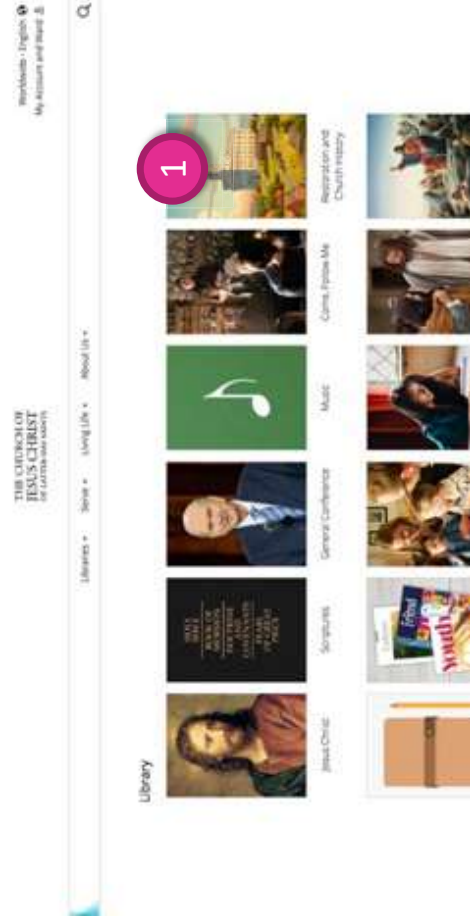

Choose **Gospel Library** from the **Libraries** menu.

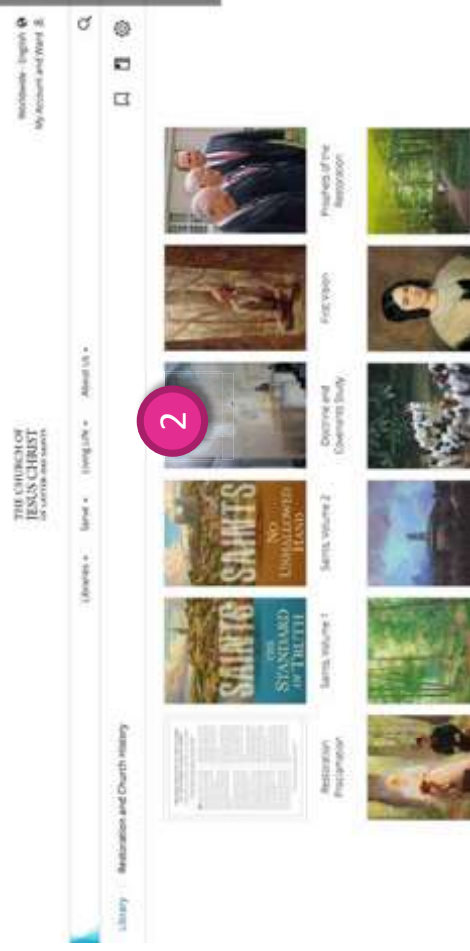

# Who's Who in the Doctrine & Covenants

- Give your students the name of a key person in the history of the Restoration. Students should share the principles, quotes, personal insights, etc. that they learned. What did they learn that inspires them to take action and become more like their Heavenly Father and Jesus Christ?

In the Gospel Library, choose **Restoration and Church History**

Choose **Doctrine and Covenants Study**

Next, choose **Historical Resources**
